Anemia, pernicious, etiologic relationship of achylia gastrica to, observations on the, 1
Anemias, hemolytic, of childhood, changing concepts in the, 679
Angina pectoris, evaluation of paveril in, 304
  khellin therapy in, 186
  the two-step electrocardiogram and the ballistocardiogram, heparin therapy of severe coronary atherosclerosis, with observations on its effect on, 487
Anthrax meningitis; review of literature and report of two cases with autopsies, 57
Anticholinergic drugs, the effect of, on the mechanism of pain; peptic ulcer, 603
Anticoagulant solutions, the effect of quantitative variations of, upon prothrombin time, 27
Antihyaluronidase and antistreptolysin O titers in health and in various diseases, 194
Antistreptolysin O and antihyaluronidase titers in health and in various diseases, 194
Arteries and veins, the comparative filtration properties of excised, 540
Arteriosclerosis obliterans, evaluation of vasodilator drugs in four patients with, 408
Artery, cranial, pulse waves in patients with vascular headache of the migraine type, analysis of, 565
Arthropathy, monarticular and destructive, in Reiter's syndrome, 653
Ascorbic acid levels, comparative study of, in gastric secretion, blood, urine and saliva; II. Saturation studies, 324
Atherosclerosis, coronary, severe, heparin therapy of, with observations of its effect on angina pectoris, the two-step electrocardiogram and the ballistocardiogram, 487
  dietary cholesterol and, 212
Attitude and emotional state, correlation of circulatory hemodynamics with changes in the; hypertension as a reaction pattern to stress, 286
